

Software-Engineer.Org

www.software-engineer.org

The Software-Engineer.Org promotes its site as a community for software engineers. Its objective is to improve communication about software engineering. The Web site is dedicated to free information sharing between software engineers, professionals, faculty members, and students. The site features links, articles, tools, downloads, a message board, active discussions, and more.

People Capability Maturity Model

www.sei.cmu.edu/cmm-p

Developed by the Software Engineering Institute, the People Capability Maturity Model® (People CMM®) is a framework that helps organizations successfully address their critical people issues. Based on the best current practices in fields such as human resources, knowledge management, and organizational development, the People CMM guides organizations in improving their processes for managing and developing their work forces.

Software Technology Support Center

www.stsc.hill.af.mil

The Software Technology Support Center is an Air Force organization established to help other U.S. government organizations identify, evaluate, and adopt technologies to improve the quality of their software products, efficiency in producing them, and their ability to

accurately predict the cost and schedule of their delivery.

bizjournals.com

www.bizjournals.com

Bizjournals.com compiles business news from 41 local markets and 46 different industries. News can be searched by industry, including software. The site includes sections for the latest news, business resources, marketplace, networking, and more.

Amplifying Your Effectiveness

www.ayeconference.com

The Amplifying Your Effectiveness (AYE) Web site contains information to participate in the next AYE conference. The conference is designed to increase effectiveness in leadership, coaching, managing, influencing, and working in teams. The AYE Conference is for people who work in arenas where problem solving is a key skill – such as systems development, product development, quality assurance, information technology infrastructure, customer service, and consulting.

Project Management Institute

www.pmi.org

The Project Management Institute (PMI) has more than 86,000 members worldwide. PMI establishes Project Management standards, provides seminars, educational programs, and professional certification for project leaders.
